Dear Rony,

thank you, everything is fine! I hope the same for you.

Yes, we confirm our interest in a cooperation between our universities in order to design a prototype of common program in linguistic matters.

As we agreed in our last meeting, we started to look at Mons degrees in that field, in search for possible intersections of mutual advantage.

Specifically, Cetti ~~XXXX~~ (I added her in CC) is doing this job. Could you please include her in our future exchanges?

Let us know about the outcome of the meeting in Mons, then we can arrange a more focused exchange about the matter.

Best wishes,  
Marco

Dear Marco,

I hope you are doing well! This e-mail to get some feedback from your side related to our last-week discussion.

Indeed, as you know, we will have a face-to-face Eunice meeting tomorrow and Friday in Mons for which the main topic is the design of the future Eunice lecture offer.

In this context, we would like, if you agree, to mention that we have initiated informal discussions between UNICT, UPHF and UMONS to design a prototype of common program in the field of languages.

Could you confirm (or not) that we can mention it during the meeting please?

Best wishes  
Rony

**From:** Florine **Sent:** 7. helmikuutata 2022 16:28

**To:** francesca.vigo@unict.it **Subject:** EUNICE WEEKS : New adjusted proposal of the EUNICE DAY - Deadline 11th February 2022

**Importance:** High

Dear WP3-Team,

Hope all is well.

We are pleased to share with you the minutes of our previous WP3-board meeting available here on the Only Office : <https://projects.put.poznan.pl/Products/Projects/TMDocs.aspx?prjID=9#1429> . Thank you again for your participation to this meeting. All your feedbacks have been well noted and taken in a very constructive manner. In fact, it has allowed us to develop our thinking even further.

We take this opportunity to get back to you regarding the EUNICE WEEKS since we realised that during our last meeting there was a partial agreement on the new concepts introduced and more specifically on the **EUNICE DAY** part: invited lectures on EU matters and local cultural events. ✕

As you are aware, we agreed to spread the EUNICE DAY events (lectures and cultural events) over the entire academic year. However, after studying the issue in depth, we realised that what we had agreed on seems a bit theoretical and difficult to implement it for the following reasons:

- The unavailability of students in some universities (UVA, UC, UPHF) in April ;
- The impossibility for UVA to take part in the EUNICE DAYS in April, May and June ;
- The very short time frame to implement the first events conference and cultural events in April, May ;
- The last-minute communication that will follow (and as a result a low level of participation).

To overcome the above challenges, we believe that our approach should be revised. This is why we would like to make a **new adjusted proposal of the EUNICE DAY** that takes into account our previous agreement while addressing all constraints.

As illustrated in the below calendar, we suggest to **postpone the EUNICE DAY to next autumn**. ✕ Thus, the physical sport tournament(s) would remain from 24-28 October and the month of November would be dedicated to the EUNICE DAY (lectures and cultural events).

October				November				
Eunice Week		EUNICE DAY						
Mon-Fri	Tue	Thu	Tue	Thu	Tue	Thu	Tue	Thu
24-28	1	3	8	10	15	17	22	24

■ Sport tournament(s) at PUT  
■ 1 Invited Lecture  
■ 1 Cultural Event

B  
C  
D  
E

One invited lecture would be organised each Tuesday and one cultural event each Thursday. This will allow each university to host one event according to their possibilities and wishes. E.g. :

on Tuesday 8<sup>th</sup> Nov: one invited lecture on EU Matters ; on Thursday 10<sup>th</sup> Nov: one cultural event, on Tuesday 15<sup>th</sup> Nov: one lecture, and so on.

Since the **format of the invited lecture & debate** (split into two) was not as popular as expected among the WP3 team, we would like to leave this matter **open** and give the possibility to each university to choose the format and implement the one they find most appropriate and effective. However, we would like to stress that the debate should remain accessible to all students. Therefore, a good preparation beforehand seems essential. Please take this into account during your preparation.

We are convinced that this EUNICE DAY adjusted proposal would work better for each partner for the following reasons :

- November seems to be a more favourable time for students to participate in such initiatives (compared to April, May, June);
- This will allow UVA to take part in all activities ;
- A better preparation time to organise those events ;
- A better communication plan could be implemented (and as an expected result – a better participation rate);
- This will approach requires less work in each of the universities (only one event to host), while still meeting the objectives of the action

Please let us know if this adjusted proposal could work for you? And if you agree with the **proposal** a) Yes b) No. If yes, please send us your **three preferred slots** (3 prioritised choice) when your university would be able to host an event : either an invited lecture (on 8,15,22 Nov) or a cultural event (10,17,24 Nov). Your choices should include both types of events.

o In addition, we would like to share with you some feedback regarding the **EUNICE WEEK** part : the physical sport tournament(s) organised at Poznan University next October 2022.

In general, we all agreed on the sport tournament concept: football tournament and chess finals. But, one question remained unanswered : How many football tournaments should we consider ? Option a) one tournament (mixed teams) b) two tournaments : male and female. Please send us your opinion on this.

o We also looked in more detail at the **ERAMUS + funding opportunities dedicated to sport events** as suggested by Liliana. This seems very adequate to finance our EUNICE tournament. The deadline to send applications is on 23<sup>rd</sup> March 2022. Thus, we would appreciate if PUT Team could analyse this further so that this can be discussed during our next WP3-board meeting. More information related to this Erasmus programme can be found here: <https://erasmus-plus.ec.europa.eu/opportunities/organisations/sport-actions/not-for-profit-european-sport-events> .

**We would like to plan a WP3-board meeting at the end of this month, which should allow us to finalise our reflection on EUNICE WEEKS concepts. But, in the meantime, we would be grateful to receive your thoughts on this so that we know how to proceed further.**

Feel free to reach us in case of any questions.

Best wishes,

UMONS Team.

Handwritten signature and initials in black ink, including a large 'B' at the top right and 'GG' at the bottom left.

1. EUNICE DAY events:
  - *Better preparation time to organise events.* Make a new adjusted proposal of the EUNICE DAY; in particular, postpone to the next autumn (in November) and organize invited lectures on EU matters and local cultural event on each Tuesday;
  - *Better communication plan.* Spread lectures and cultural events over the entire academic year; possibility for each University to choose the format and implement the one day find most appropriate and effective.
2. ERASMUS+ funding opportunities dedicated to sport events and organize football tournament and chess finals. Share feedback regarding the EUNICE WEEK (physical sport tournaments organized at Poznam Uni).
