

### Pubblicazioni scientifiche di Salvatore A. Marano

- 1) S.A. Marano, Generalized solutions of partial differential inclusions depending on a parameter, *Rendiconti dell'Accademia Nazionale delle Scienze detta dei XL, Memorie di Matematica* 13 (1989), 281-295.
- 2) S.A. Marano, Controllability of partial differential inclusions depending on a parameter and distributed parameter control processes, *Le Matematiche* 45 (1990), 283-300.
- 3) S.A. Marano, Classical solutions of partial differential inclusions in Banach spaces, *Applicable Analysis* 42 (1991), 127-143.
- 4) G. Bonanno - S.A. Marano, Random differential inclusions depending on a parameter, *Journal of Mathematical Analysis and Applications* 161 (1991), 35-49.
- 5) S.A. Marano, Classical solutions of hyperbolic partial differential equations with implicit mixed derivative, *Annales Polonici Mathematici* 56 (1992), 163-178
- 6) S.A. Marano, Existence theorems for a multivalued boundary value problem, *Bulletin of the Australian Mathematical Society* 45 (1992), 249-260.
- 7) G. Bonanno - S.A. Marano, Higher order ordinary differential equations, *Differential and Integral Equations* 6 (1993), 1119-1123.
- 8) S.A. Marano, On a boundary value problem for the differential equation  $f(t, x, x', x'') = 0$ , *Journal of Mathematical Analysis and Applications* 182 (1994), 309-319.
- 9) S.A. Marano, A remark on a second-order three-point boundary value problem, *Journal of Mathematical Analysis and Applications* 183 (1994), 518-522.
- 10) S.A. Marano, Existence theorems for a semilinear elliptic boundary value problem, *Annales Polonici Mathematici* 60 (1994), 57-67.

- 11) S.A. Marano, A remark on a third-order three-point boundary value problem, *Bulletin of the Australian Mathematical Society* 49 (1994), 1-5.
- 12) G. Bonanno - S.A. Marano, A remark on some existence and uniqueness theorems for a fourth order boundary value problem, *Applicable Analysis* 55 (1994), 185-187.
- 13) A. Majorana - S.A. Marano, Continuous solutions of a nonlinear integral equation on an unbounded domain, *Journal of Integral Equations and Applications* 6 (1994), 119-128.
- 14) A. Majorana - S.A. Marano, Boundary value problems for higher order ordinary differential equations, *Commentationes Mathematicae Universitatis Carolinae* 35 (1994), 451-466.
- 15) S.A. Marano, Implicit elliptic differential equations, *Set-Valued Analysis* 2 (1994), 545-558.
- 16) S.A. Marano, Fixed points of multivalued contractions with non-closed, non-convex values, *Atti della Accademia Nazionale dei Lincei, Rendiconti Lincei, Matematica e Applicazioni* (9) 5 (1994), 203-212.
- 17) S. Bonafede - S.A. Marano, Implicit parabolic differential equations, *Bulletin of the Australian Mathematical Society* 51 (1995), 501-509.
- 18) S.A. Marano, Elliptic boundary-value problems with discontinuous nonlinearities, *Set-Valued Analysis* 3 (1995), 167-180.
- 19) G. Bonanno - S.A. Marano, A characterization of the existence of solutions to some higher order boundary value problems, *Commentationes Mathematicae Universitatis Carolinae* 36 (1995), 459-460.
- 20) L. Grniewicz - S.A. Marano - M. losarski, Fixed points of contractive multivalued maps, *Proceedings of the American Mathematical Society* 124 (1996), 2675-2683.
- 21) L. Grniewicz - S.A. Marano, On the fixed point set of multivalued contractions, *Rendiconti del Circolo Matematico di Palermo, Supplemento*, 40

(1996), 139-145.

22) G. Bonanno - S.A. Marano, Positive solutions of elliptic equations with discontinuous nonlinearities, *Topological Methods in Nonlinear Analysis* 8 (1996), 263-273.

23) S.A. Marano, Implicit elliptic boundary-value problems with discontinuous nonlinearities, *Set-Valued Analysis* 4 (1996), 287-300.

24) G. Bonanno - S.A. Marano, Highly discontinuous elliptic problems, *Proceedings of the International Conference on Dynamical Systems and Differential Equations*, Springfield (MO), 1996.

25) A. Majorana - S.A. Marano, Space homogeneous solutions to the Cauchy problem for semiconductor Boltzmann equations, *SIAM Journal on Mathematical Analysis* 28 (1997), 1294-1308.

26) S.A. Marano - V. Staicu, On the set of solutions to a class of nonconvex nonclosed differential inclusions, *Acta Mathematica Hungarica* 76 (1997), 287-301.

26 bis) S.A. Marano - V. Staicu, Correction to the paper 'On the set of solutions to a class of nonconvex nonclosed differential inclusions', *Acta Mathematica Hungarica* 78 (1998), 267-268.

27) S.A. Marano, Elliptic eigenvalue problems with highly discontinuous nonlinearities, *Proceedings of the American Mathematical Society* 125 (1997), 2953-2961.

28) S.A. Marano, Elliptic equations and differential inclusions, *Proceedings of the Second World Congress of Nonlinear Analysts*, *Nonlinear Analysis* 30 (1997), 1763-1770.

29) S.A. Marano, Fixed points of multivalued contractions, *Rendiconti del Circolo Matematico di Palermo, Supplemento*, 48 (1997), 171-177.

30) D. Averna - S.A. Marano, Existence of solutions for operators inclusions: a unified approach, *Rendiconti del Seminario Matematico dell'Università di*

Padova 102 (1999), 285-303.

31) D. Averna - S.A. Marano, Existence theorems for inclusions of the type  $\Psi(u)(t) \in F(t, \Phi(u)(t))$ , *Applicable Analysis* 72 (1999), 449-458.

32) G. Bonanno - S.A. Marano, Elliptic equations in  $\mathbb{R}^n$  with discontinuous nonlinearities, *Proceedings of the Edinburgh Mathematical Society* 43 (2000), 545-558.

33) S.A. Marano - D. Motreanu, Existence of two nontrivial solutions for a class of elliptic eigenvalue problems, *Archiv der Mathematik* 75 (2000), 53-58.

34) S.A. Marano, Existence results for the equation  $-\Delta u = f(x, u)$  in  $\mathbb{R}^n$ , *Journal for Analysis and its Applications* 19 (2000), 575-582.

35) G. Bonanno - S.A. Marano, Fixed points in ordered Banach spaces and applications to elliptic boundary-value problems, in *Equilibrium Problems: Non-smooth Optimization and Variational Inequality Models* (F. Giannessi, A. Maugeri, and P. Pardalos eds), Kluwer, Dordrecht, 2001, pp. 25-31.

36) S.A. Marano - D. Motreanu, On a three critical points theorem for non-differentiable functions and applications to nonlinear boundary value problems, *Nonlinear Analysis* 48 (2002), 37-52.

37) S.A. Marano - D. Motreanu, Infinitely many critical points of non-differentiable functions and applications to a Neumann type problem involving the  $p$ -Laplacian, *Journal of Differential Equations* 182 (2002), 108-120.

38) S.A. Marano - D. Motreanu, A deformation theorem and some critical point results for non-differentiable functions, *Topological Methods in Nonlinear Analysis* 22 (2003), 139-158.

39) G. Barletta - S.A. Marano, Some remarks on critical point theory for locally Lipschitz functions, *Glasgow Mathematical Journal* 45 (2003), 131-141.

40) G. Barletta - S.A. Marano, The structure of the critical set in the Mountain-Pass Theorem for nondifferentiable functions, *Differential and In-*

tegral Equations 16 (2003), 1001-1012.

41) S.A. Marano - D. Motreanu, A critical point result for non-differentiable indefinite functionals, *Commentationes Mathematicae Universitatis Carolinae* 45 (2004), 663-679.

42) R. Livrea - S.A. Marano, Existence and classification of critical points for non-differentiable functions, *Advances in Differential Equations* 9 (2004), 961-978.

43) A. Majorana - S.A. Marano, On the Cauchy problem for spatially homogeneous semiconductor Boltzmann equations: existence and uniqueness, *Annali di Matematica Pura ed Applicata* 184 (2005), 275-296

44) P. Candito - S.A. Marano - D. Motreanu, Critical points for a class of non-differentiable functions and applications, *Discrete and Continuous Dynamical Systems* 13 (2005), 175-194.

45) S.A. Marano - N.S. Papageorgiou, On some elliptic hemivariational and variational-hemivariational inequalities, *Nonlinear Analysis* 62 (2005), 757-774.

46) S.A. Marano, Risultati di esistenza per alcune classi di disequazioni variazionali-emivariazionali di tipo ellittico, *Le Matematiche* 60 (2005), 279-288.

47) R. Livrea - S.A. Marano - D. Motreanu, Critical points for nondifferentiable functions in presence of splitting, *Journal of Differential Equations* 226 (2006), 704-725.

48) S.A. Marano - N.S. Papageorgiou, On a Neumann problem with  $p$ -Laplacian and non-smooth potential, *Differential and Integral Equations* 19 (2006), 1301-1320.

49) S.A. Marano - G. Molica Bisci, Multiplicity results for a Neumann problem with  $p$ -Laplacian and non-smooth potential, *Rendiconti del Circolo Matematico di Palermo* 55 (2006), 113-122.

- 50) S.A. Marano - G. Molica Bisci - D. Motreanu, Multiple solutions for a class of elliptic hemivariational inequalities, *Journal of Mathematical Analysis and Applications* 337 (2008), 85-97.
